Description

Key Features:
Custom designed lapel pins are made with durable materials and no colored enamel for a more sophisticated, pleasing appearance with your choice of backing including the standard butterfly clutch, black rubber clutch, gold rubber clutch, tie tack clutch, tie tack clutch with chain, deluxe clutch, magnet, stick pin, safety pin, cuff link, or standard split ring.

Popular Uses:
Employee recognition awards (such as years of service, rank acknowledgement, goal achievements, etc.), student recognition awards (honor roll, club participation, sports teams, school spirit, etc.), service awards, anniversary markers, and as brand and marketing tools for businesses, organizations, and not-for-profits.

How do we make our custom designed die struck pins?

First we discuss your design needs and ideas to create the perfect, unique symbol for you. Once a design has been finalized, we create a special die with your custom designed symbol. This die is then used to strike your design onto a copper or brass base metal. Copper and brass are soft enough for a sharp and detailed impression but durable for long-lasting use. A trimming tool is then used to cut out each die struck pin. Texturing is then applied to the pin, followed by the special polishing to create the contrasting to set off the raised images. After a final quality inspection, your custom designed die struck pins are carefully packaged and shipped directly to you.

Delivery time 20-30 business day or otherwise upon request.
