Description

This Round Lock Cryptex from the Russian designer Stanislav Tatarinov instantly revolutionizes the way you use and think about USB sticks. From the first turn of the gear, you will realize that this is not a normal USB stick.

Only the owner of this item who knows the secret combination of positions for each of the four gears can open the lock and get access to the 32 GB USB flash drive locked inside.
Forged in the heart of our factories, this quality solid alloy USB stick will stand the test of time.
